Earthquakes - A Sign of the End Times!

Haiti Earthquake of 2010 - New York Times - Feb. 3, 2010
- A massive earthquake struck Haiti just before 5 p.m. on Jan. 12, about 10 miles southwest of Port-au-Prince, the country's capital. The quake was the worst in the region in more than 200 years. A preliminary assessment from Haiti's government put the body count at 150,000 on Jan. 23.

Ten Metropolises Threatened by Earthquakes - RIA Novosti Newswire - February 5, 2010 - Eight out of the planet's ten largest cities in terms of population are located in earthquake zones, a UN spokesman said. Earthquakes threaten people's lives and safety in Tokyo, Mexico City, New York, Mumbai, New Delhi, Shanghai, Calcutta and Jakarta. Seismologists also predict major earthquakes in other large cities, including Istanbul and Los Angeles, and Jakarta, the capital of Indonesia.

Jesus named earthquakes among "other signs" that would note that His return was near in a discussion with His disciples. His words are recorded for us in the Bible's book of Matthew (Matthew 24). Here is what Jesus said. *"See to it that no one misleads you. For many will come in My name, saying, 'I am the Christ,' and will mislead many. 'You will be hearing of wars and rumors of wars. See that you are not frightened, for those things must take place, but that is not yet the end. 'For nation will rise against nation, and kingdom against kingdom, and in various places there will be famines and earthquakes. 'But all these things are merely the beginning of birth pangs"*

Notice that Jesus said these signs, including earthquakes, would be like "birth pangs", meaning they would increase in frequency and intensity as His return drew near. Almost 2,000 years later, with so many of the other "signs" occurring, we are left with a question. Are earthquakes increasing? For the answer, we can turn to the US Geological Survey's National Earthquake Information Center. The chart below can be found at their Website:

<http://earthquake.usgs.gov/earthquakes/eqarchives/year/eqstats.php>

At the USGS website, the total number of earthquakes listed for 1990 were 16,590. Those listed for 1999 were 20,832. As the chart below indicates, the year 2000 ended with 22, 256 earthquakes. The year 2008 ended with 31,777. There is clearly, at least for the last twenty years, a rise in the number of earthquakes to say the least. Jesus said that there would be a rise in earthquakes, and the National Earthquake Information Center verifies that there are.

There were 17 earthquakes with a 7.0 magnitude or greater in 2009 and 1,787 deaths resulting. The year 2009 was a bit quieter than the years previous in total number of quakes. (A calm before the storm perhaps?) Of course, the big earthquake in Haiti in January has started off 2010 with one of the most devastating earthquakes of the last two hundred years. At last count, more than 200,000 are dead. God only knows what the remainder of 2010 holds. As is reported by the Novosti Newswire ten large cities are located in earthquake zones with earthquakes becoming more active each year.

Admittedly, it is tough to watch the reports about the devastation and wrecked lives from these disasters. The bad news is, it is going to get worse. Ultimately, the greatest earthquake of all of history is yet to come. It is talked about in advance in Revelation 16:18-20. This will occur during the coming seven-year Tribulation. This great earthquake will be so powerful that every island will move and every mountain will be brought low. By comparison, the Haiti earthquake has provided only a small sample of the devastation that will result.

We are living in the end-times and the rise in earthquakes is just another sign that the return of Jesus is close at hand! As has been said

Number of Earthquakes Worldwide for 2000 to 2008

many times concerning the "signs" that are before us today, it is a good time to be right with your Creator! Only you and God know if you are. IF you are not, *"confess Jesus with your mouth and believe in you heart that God has raised Him from the dead"* (Romans 10:9). Then you will be right.

US Mideast Envoy: 2 Years or Less for Peace Talks

- YNETnews.com Jan. 6, 2010 - George Mitchell, the US Middle East envoy, said on Wednesday that Israeli-Palestinian peace negotiations should take no longer than two years and could be finished sooner than that...Israel, Egypt and the United States want Abbas to reopen talks, but he refuses as long as Israel refuses to agree to a permanent freeze on construction in Jewish settlements on the West Bank and in east Jerusalem.

Mitchell: Mideast Stagnation Endangers US

Aid - YNETNews.com - Jan. 8, 2010 - On the eve of his visit to the Middle East, US special envoy George Mitchell threatened that his country would freeze its aid to Israel if the Jewish state failed to advance peace talks with the Palestinians and a two-state solution...According to American law, Mitchell said, the US can freeze its support for aid to Israel. He added that all options must remain open and that the sides must be convinced about what their important interests are.

Record Cold in Miami as South Turns Icebox -

Associated Press - January 11, 2010 - Freakish cold weather continued to grip the southern United States, with snow flurries spotted around Orlando and a record low set for Miami, and forecasters said Sunday that more of the same was expected...The National Weather Service issued a hard freeze warning for South Florida from Sunday night to Monday morning. A freeze watch will continue through Tuesday. Northern Florida residents will feel temperatures drop to the lower 20's and mid-teens...On Saturday night, a temperature of 35 degrees set a record that had stood since 1970, said Joel Rothfuss with the National Weather Service in Miami. He said a record low of 37 degrees on Monday, which was set in 1927, could also be broken, with the forecast saying it would drop to 35 degrees again.

Comment: Interesting that YNET and George Mitchell kept using the word "freeze" in talking about Israel giving up land and ceasing building in the West Bank and Jerusalem. Interesting because while these announcements were being made by Mitchell, the United States was and is at this writing, experiencing one of the worst deep freezes on record. The U.S., learning nothing from past experiences, continues to reap the consequences of forcing Israel to give up her Land. God will not change His promise that He will retaliate against those who "divide His land" (Joel 3:2). And so it continues. Isn't it also interesting that, during all this cold spell, the global warming people sure have been quiet!

56 Muslim Nations, One Jewish - Jerusalem Online -

January 15, 2010 - There are 56 Muslim nations, 21 of them Arab... There exists only one tiny Jewish democracy now in danger of being subdivided again by the "Saudi Two State Solution"! Is there no room in the Arab or Muslim world to relocate the Palestinian Arabs just as Palestinian Jews absorbed their own refugees in the '40s?

Comment: Good Question!

See next news piece.

Huckabee: There Can Be No Palestinian State

Here - Israeltoday.com.il - August 19, 2009 - Wrapping up his visit to the Holy Land on Tuesday, former US presidential candidate Mike Huckabee said it was "unrealistic" to propose establishing a sovereign Palestinian Arab state alongside the Jewish state of Israel. Huckabee suggested that the small sliver of land between the Jordan River and the Mediterranean Sea is simply too small to support two sovereign states, especially when many of the citizens of one seek the eradication of the other. "There is going to be nothing but conflict" if the international community insists on layering two governments and two nations so often at odds with each other, he said. Huckabee's recommendation is that the international community honor its decision made at the San Remo Conference in 1920 to return the entirety of the land to Jewish control, and to find a different place for the Palestinians to call their national home. While he didn't go into specifics, many Israelis to the right of the political spectrum have noted that at San Remo, the international community also ceded to Jewish control all of what is today the Hashemite Kingdom of Jordan. When the territory east of the Jordan River was separated to make room for another Arab state, that should have satisfied past and present calls for a Palestinian national homeland. In fact, 70 percent of Jordan's population are "Palestinians."

Comment: If only the world could heed this advice! Unfortunately, this issue won't be settled until Jesus returns to settle it.

Obama Backs Marriage Act Repeal - Washington

Times - August 18, 2009 - The Obama administration continued its half-a-loaf approach to gay rights issues Monday by filing documents claiming that federal laws banning same-sex marriage are discriminatory, even as the federal government continues to defend them. In its nine-page brief, the Justice Department stated that the Obama administration opposes the 1996 Defense of Marriage Act as discriminatory and supports its repeal. Yet the motion also calls for the dismissal of a lawsuit filed by a gay California couple seeking to overturn the federal marriage law. "This brief makes clear, however, that my Administration believes that the [Defense of Marriage] Act is discriminatory and should be repealed by Congress," President Obama said in a statement, noting that the Justice Department "traditionally" files briefs defending the law "when acts of Congress are challenged."

Comment: Our generation has lost all logic! Fact: All laws are by necessity discriminatory. The law that posts a 25 mile speed zone discriminates against the guy who believes he has the right to go faster. A law that says one must be sixteen to get a driver's license discriminates against those who want one at an earlier age. A line has to be drawn somewhere! Laws are designed for the good of the majority of the people. They cannot accommodate everyone! What's next? Will someone sue for the right to marry his dog, or sister, or etc? Education with no wisdom is the cause of this nonsense! Down the road with little morality is exactly where the Bible says that man will end up in the last days and he is far advanced on that path! *"But realize this, that in the last days difficult times will come. For men will be lovers of self, lovers of money, boastful, arrogant, revilers, disobedient to parents, ungrateful, unholy, unloving, irreconcilable, malicious gossips, without self-control, brutal, haters of good, treacherous, reckless, conceited, lovers of pleasure rather than lovers of God..."* II Timothy 3:1-4.

Tornado Hits Minneapolis - myfoxtwincities.com - Aug. 19, 2009 - A tornado touched down just south of downtown Minneapolis on Wednesday, according to several reports...The Minneapolis Convention Center has sustained approximately 1,800 square feet of roof damage and has some water damage. The Evangelical Lutheran Church in America was holding its national convention at the center at the time of the storm. About 2,200 people were registered for the convention. People inside the Convention Center were taken to a safe location, and there were no reports of injury... Storm came out of nowhere - No sirens sounded and no tornado warnings were issued in the city before the storm hit. Rain had been falling most of the day in the Twin Cities metro, but the storm came as a major surprise to everyone in the area.

Lutherans to Allow Gay Clergy in Committed Relationships - USA Today - Minneapolis - Aug. 21, 2009 - Leaders of the nation's largest Lutheran church voted Friday to allow sexually active gays and lesbians in committed relationships to serve as clergy. Gays and lesbians are currently allowed to serve as ministers in the Evangelical Lutheran Church in America only if they remain celibate. The proposal to change that passed with 68% approval. At 4.7 million members and about 10,000 congregations in the United States, the ELCA is one of the largest U.S. Christian denominations yet to take a more gay-friendly stance on clergy.

Comment: Isn't it more than coincidence that with no serious weather predicted, this tornado struck at precisely the time a vote was being taken to allow homosexuality in the Lutheran Clergy on Wednesday, the 19th? The great question is: Was God speaking through this tornado? When the vote resumed on Friday, they voted it in anyway. Jesus predicted a wave of homosexuality in the last days in Luke 17, comparable to the "days of Lot". We are racing toward that day! By the way, even a casual reading of the story of Lot in Genesis 19 reveals how God feels about homosexuality.

District Approves Same-sex Marriage - washingtonpost.com - December 4, 2009 - The D.C. Council voted Tuesday to legalize same-sex marriage, bringing the District closer to allowing gay couples to marry. The council passed the bill 11 to 2, with Council members Marion Barry (D-Ward 8) and Yvette M. Alexander (D-Ward 7) dissenting. It still must take a second vote in two weeks before the measure can go to Mayor Adrian M. Fenty (D), who has indicated that he will sign it.

American Music Awards Become 'Modern Sodom' - Openly 'gay' Adam Lambert simulates sex acts with men on ABC broadcast - www.wnd.com - November 23, 2009 - Openly homosexual former "American Idol" performer Adam Lambert shocked the American Music Awards audience last night by shoving dance team members' faces into his crotch, leading others around on dog leashes and delivering a passionate on-stage kiss to his male keyboard player during the ABC broadcast. The performance of his new song, "For Your Entertainment," marks his first public appearance since his "American Idol" competition loss to Christian Kris Allen. According to the London Telegraph, Lambert was unapologetic to anyone who might have been offended, saying, "Maybe I'm not your cup of tea."

Comment: As our country continues to reject God's authority, our society continues to march toward Sodom's ways. The homosexuality predicted in Luke 17 is upon us.

Russia to Start Iran Nuclear Plant in 2010 - Reuters - Nov. 30, 2009 - Russia plans to start up Iran's first nuclear power station in March 2010 to coincide with the Iranian New Year, two sources closely involved with the project told Reuters. Russia agreed in 1995 to build the 1,000 megawatt nuclear power plant at Bushehr on the Gulf coast in southwestern Iran, but delays have haunted the \$1 billion project and diplomats say Moscow has never used it as a lever in relations with Iran.

Comment: It is no surprise that Iran and Russia are allied together in anything! They will be allied together in coming against Israel sometime in the future according to Ezekiel 38.

Iraq Oil Deal Auction a "Success," Sees Huge Output - Reuters - December 12, 2009 - Iraq, emerging from the shadow of war, expects to boost its oil output to rival the level of top producer Saudi Arabia after awarding some of its most attractive oil fields to global oil companies this week. By the end on Saturday of a two-day bidding round for 10 oil contracts — the second auction since the 2003 U.S. invasion — Iraq had received pledges from oil firms to boost its output by 4.765 million barrels per day, almost double its current output. If all deals from a first auction in June, the second this weekend and others being negotiated are added to national production, Iraq will have a capacity of 12 million barrels per day, overtaking Russia and challenging Saudi Arabia's 12.5 million bpd, Oil Minister Hussain al-Shahristani said.

Comment: Revelation 18 calls for a city named Babylon to be a city of great wealth in the end-times. The city we know as Babylon was in what we now know as Iraq. Oil money could facilitate the restoration of such a city in Iraq quickly. Are we about to see this take place?

Israeli Company Finds Oil Beneath Rosh Ha'ayin - Ha'aretz.com - Dec. 24, 2009 - An Israeli oil exploration company on Thursday announced that it had found a huge amount of oil and gas during drilling below the city of Rosh Ha'ayin this week. Givot Olam Oil Exploration Limited Partnership said that more than 60 percent gas was measured in the drill, indicating the first such find in Israel. The company said it was too soon to determine what significance the find would bring to Israel, but added that it would become clear over the next few months of drilling whether it could be used for commercial purposes. Givat Olam began drilling at the Megged 5 well beneath Rosh Ha'ayin last June. Its shares rose 123 percent upon news of the find.

Comment: Oil is being found and the three largest natural gas wells in the world since January 2009, are in Israel. The world's wealth is going there (Isaiah 60: 5 & 11).

G-20 Leaders Pledge New System of Global Economic Cooperation - AP - September 25, 2009 - World leaders on Friday issued sweeping promises to fix a malfunctioning global economic system in hopes of heading off future financial meltdowns. President Obama said actions taken so far "brought the global economy back from the brink." "We leave here today confident and united," Obama said at the conclusion of a two-day gathering of the world's 20 top economies to deal with the worst financial crisis since the 1930s.

Comment: Notice the words in this article : "global economic system". God said there would be a world economic system in the last days in Revelation 13 and man is working as fast as he can go to create one. It will be in full operation during the coming Tribulation.

3 Malaysian Churches Attacked in 'Allah' Dispute

- Associated Press - January 8, 2010 - Three churches in Malaysia were attacked with firebombs, causing extensive damage to one, as Muslims pledged Friday to prevent Christians from using the word "Allah," escalating religious tensions in the multiracial country. "We will not allow the word Allah to be inscribed in your churches," one speaker shouted into a loudspeaker at the Kampung Bahru mosque. About 50 other people carried posters reading "Heresy arises from words wrongly used" and "Allah is only for us. Islam is above all. Every citizen must respect that," said Ahmad Johari, who attended prayers at the National Mosque. "I hope the court will understand the feeling of the majority Muslims of Malaysia. We can fight to the death over this issue."

Comment: Many in the West insist that Allah and Jehovah are the same, but the Muslims do not believe this. The very first claim of Islam is "there is no God but Allah". Wake up America!

Neo-Pagans Get Worship Circle at Air Force Academy

- Foxnews.com - February 01, 2010 - Witches, Druids and pagans rejoice! The Air Force Academy in Colorado is about to recognize its first Wiccan prayer circle, a Stonehenge on the Rockies that will serve as an outdoor place of worship for the academy's neo-pagans. Wiccan cadets and officers on the Colorado Springs base have been convening for over a decade, but the school will officially dedicate a newly built circle of stones on about March 10, putting the outdoor sanctuary on an equal footing with the Protestant, Catholic, Jewish and Buddhist chapels on the base.

Comment: Our descent into paganism continues. (1 Tim. 4:1).

Creator of First 50-Star American Flag Dies

- Associated Press - December 13, 2009 - Robert G. Heft, who is credited with designing and sewing the first 50-star American flag, has died. He was 67.

Comment: Seems eerie and somehow prophetic.
